SPACE-TRAC™

PUTTING YOUR SPACE ON TRACK

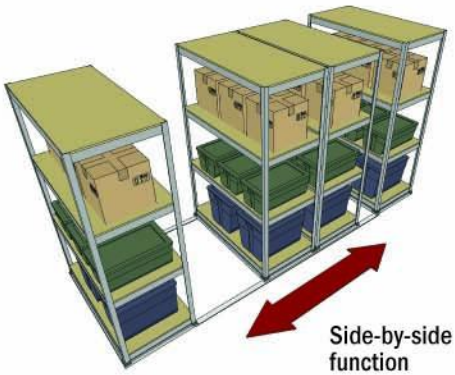

MADE IN THE USA PRODUCT GUIDE

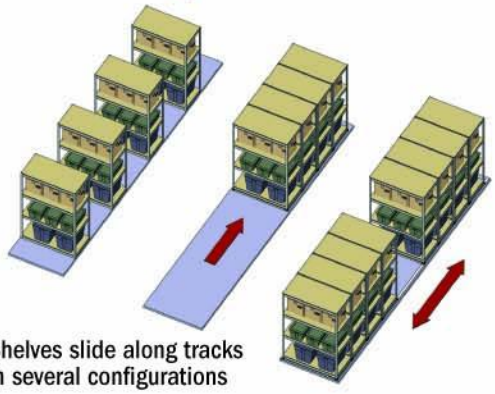

Pull-out function

Lateral function
A simple track-based concept

Side-by-side function

Shelves slide along tracks in several configurations

HIGH-DENSITY MOBILE AISLE SYSTEM

Effective in saving space and increasing storage capacity by 75%.

Added benefits:

- Eliminate the need for multiple access aisles
- Gain easy and full access to all SKUs
- Optimize ventilation for greater efficiency of your cooler/freezer
- Reduce employee safety concerns and minimize moving and lifting
- Improve cleanliness by permitting easy access under shelves
- Carriage kits available for existing shelving

Configure the system that best meets your storage and space needs:

- Pull-out
- Lateral
- Side-by-side

OPTIMIZE STORAGE SPACE
